MWA neemt duik in Philishave-verleden

"Je moet weten waar je vandaan komt om je goed op de toekomst te kunnen richten." Zo omschreef oud-Philishave medewerker Bram Porrey het belang van geschiedenis voor de huidige organisatie.

"Als er één product is dat het verdient om de geschiedenis van vast te leggen, is het Philishave wel!"

Hij overhandigde op 17 januari het eerste exemplaar van 'Historie Philips Rotary Scheerapparaten' aan Alexius Collette, die tijdens de Management Walk Around (MWA) het Philishave Historisch Archief bezocht.

"Dit overzicht geeft een goed beeld van de vele productinnovaties die hier tot stand zijn gebracht."

Het archief, gevestigd in gebouw AA, wordt gerund door enkele vrijwilligers, vrijwel allemaal gepensioneerd. Ze weten (bijna) alles over het verleden van Philishave.

Dat de collectie niet alleen de historie dient, blijkt wel uit de hulp die het archief bood tijdens een rechtszaak die een concurrent tegen Philips had aangespannen.

Bram Porrey: "Materiaal uit het archief vormde het tastbare bewijs voor de argumenten van Philips, waardoor we in het gelijk werden gesteld." "Daarom is het zo belangrijk om de collectie compleet te houden met de nieuwste shavers", vulde Jan van Hoffen aan.

Het MT dankte de vrijwilligers voor hun goede werk en Bram Porrey voor de fraaie catalogus.

De vrijwilligers vroegen een betere informatievoorziening om het archief up to date te houden met nieuwe apparaten. Het MT zag het belang daarvan in en zegde toe dit te gaan verbeteren.

Kennis van het verleden

In 1954 kwam Bram Porrey bij Philips werken, eerst als technisch-commercieel manager bij de huishoudelijke en persoonlijke verzorgingsapparaten, later als commercieel Productmanager Shavers. Na veertig enerverende dienstjaren geniet Bram Porrey sinds 1994 van zijn welverdiend pensioen. Alhoewel: anno 2005 verscheen hij opeens in Amersfoort voor de officiële overhandiging van een door hem geschreven catalogus, met daarin de historie van de Philips 'rotaryshavers' van 1935 tot 2004.

Onlangs vond in het Corporate Center in Amersfoort een bijzondere bijeenkomst plaats. Bram Porrey, voormalig Productmanager Shavers, overhandigde tien jaar na zijn pensionering de eerste exemplaren van de door hem samengestelde en geschreven industriële geschiedschrijving van de Philips rotaryshavers aan Han van Splunter (CEO DAP), Robert Smits (Manager BU

Shaving & Beauty) en Cees Wesdorp (Manager RD&I Shaving & Beauty). De heren toonden zich aangenaam verrast en konden hun ogen nauwelijks nog uit het boekwerk opslaan. Geen wonder: het zijn zo'n 200 pagina's, met foto's, anekdotes, cijfers en wetenswaardigheden over 70 jaar product-innovatie, marketing en verkoop van elektrische scheerapparaten. De catalogus heeft een eerste oplage van 50 stuks. In Drachten zal elke afdeling een exemplaar ter beschikking krijgen..

Historisch Archief

En dan te bedenken, dat het nog maar een korte samenvatting is uit het privé-archief van Porrey en uit het Philishave Historisch Archief, dat in Drachten door gepensioneerde Philips medewerkers wordt opgebouwd. "Kennis van het verleden, vastgelegd in een goed georganiseerd en gedocumenteerd archief, levert een grotere kans op toekomstig Philishave succes", aldus de auteur tijdens de uitreiking. "Het voorkomt dat oude fouten opnieuw gemaakt worden en biedt ondersteuning bij juridische processen. Bovendien is het goede PR, kan het octrooi-aanvragen versnellen en levert het een besparing op in tijd en geld."

English Catalogue (Diary) History of Philips 'shaving & grooming' activities

Editie **2007**. Chronologisch 363 bladzijden met 1000 afbeeldingen Oplage 120 exemplaren 'hard cover'. Bevat de Philips geschiedenis van 1936-2006. Presentatie oktober 2007 aan Nico Engelsman. Senior Vice President Philips Consumer Lifestyle Category Leader Shaving & Grooming (2005-2010)

“VANDAAG IS MORGEN GISTEREN”

Bram Porrey, dé vraagbaak op het gebied van de Philips shaver historie en vrijwilliger van het Philips Historisch Archief, overhandigde op 26 oktober een exemplaar van zijn nieuwe, Engelstalige uitgave 'History of Philips Shaving & Grooming' aan Nico Engelsman.

In dit 360 pagina's tellende boek staan - naast een schat aan informatie - meer dan 1.000 foto's. De uitgave verschijnt in een zeer beperkte oplage. Bram Porrey: "Philips kan zich nu volledig richten op de toekomst. Maar het is wel van belang ook de huidige shaver activiteiten goed vast te leggen. Want wat we vandaag doen, wordt morgen vanzelf geschiedenis."
