

Catalogue of 'shaving and grooming' products with 'Designgroup' arrangement.

Covers 80 years of Philips shaver activities from 1939 - 2019.

List shows only first line of specifications. Full data in Database.

Typenumbers of products are combined in relation to their basic design or characteristic.

Each designgroup is arranged in accordance to the first year of introduction or study.

Subdivision for sales and study.

The selection of design groups and the titles are a subjective choice of the author.

The products are arranged in the following categories:

1. Rotary Action products, sales, study projects and promotional items:

10 = Rotary menshavers, first razor blade activity 1935, start study electric shaving 1936.

10a = Rotary Ladyshave 1939 - 1975.

15 = Shaving heads, both for replacement sales and study projects.

16 = Accessories.

total of type numbers in this survey > (2288 records)

Explanation::

Typenumber = one record for each basic typenumber. Versions are described in the database text.

Energy source RC rechargeable, AC mains operation, DC direct current. Sometimes combinations.

Shaving system: number of shaving heads + typenumber of shaving head or product code.

Brands (see specification text) = usually Philips, Philishave and/or Norelco.

The brand Philishave is deleted from 2006 onwards.

+ means more brands, but not all are visible in this survey, due to limited space

Introduction codes related to first intro of related typenumber: m = marketing start, p = production start.

Study projects = year of specification or actual study.

Product summary. Full information can be found in the catalogue or the database, as far as available.

Number of digital illustrations, if any, available for this record.

This survey reflects Philips development + marketing related to shaving products for men and women.

The year sections are composed in such a way as to represent a specific Rotary Action highlight.

1936 - 1951: Era of the single head models.

1935 = start production of a 'plastic' handle for razor blades by the Philips Philite factory

1936 = first idea to include electric shavers in the Philips sales activities.

1939 = start marketing of stick design 'cigar' followed by 'Steelbeard' end 1946.

1947 = ergonomical design 'mouse', followed by 1-head 'egg' in 1948.

1950 = first Rotary Ladyshave with a shaving head specifically designed for use by women.

1952 - 1966: Era of doublehead models.

1952 = Introduction of the highly successful 2-head design 'egg', followed by the 'pipe' in 1958.

1959 = Designs with large 'floating' and 'semi-floating' shaving head. Introduction 'Microgroove'.

1966 - 1980: An era with the emphasis on the triplehead configuration.

1966 = International introduction of 3-head shavers + rechargeable 2-header.

1970 = 90 Super shaving head + Vibrafoil shaver.

1975 = TH model followed by facelift TH and first fully electronic rechargeable/mains shaver in 1978.

1980 - 1990: Era of the Double Action 'Lift and Cut' system. Introduction in 1980 on a new shaver design.

1983 = New TH mains shaver model with electronic power supply.

1985 = Start Philishave Tracer approach for youngsters.

1990 = Organic 'Rota 90' design and 'emotional' promotion approach 'the man inside'.

1995 = New design era: HQ typenumbers. Reflex Action. 'Cool Skin'. Quadra Action. 'Aquagenic'.

2006 = The Philishave subbrand is no longer used for Philips shavers. 2007 'Flex Pivot Action'.

2019 = PhiliShave is used on 2 shaver types to celebrate 80 years Philips 'Rotary Action' shaving.

Typenummers/catalogus van Philips en Norelco apparaten en toebehoren

Hoofdgroepen: Verkochte Rotary Action apparaten met bijbehorende studies.
Philips en Norelco Rotary Action scheerhoofden, accessoires, studieprojecten, promotie.
Philips en Norelco Ladyshave en Ladycare producten van 1939 - ca. 2000.
Rotary Action en Clipper scheersysteem, Satinelle en andere ontharingssystemen.
Philips en Norelco baardtrimmers en haarknippers van 1965 - ca. 2002.
Philips Vibrafolie scheerapparaten van 1958 - ca. 1985, inclusief nevenmerken.

Chronologisch ingedeeld volgens het Designgroep systeem naar jaar van introductie of studie.

aantal apart vermelde modellen en uitvoeringen > '2288 records

De catalogus beschrijft de Philips ontwikkeling en marketing van scheren en baardverzorging. Van ieder typenummer wordt een specificatieblad gemaakt met relevante gegevens.. Producten met een gemeenschappelijk kenmerk (model) zijn samengevoegd in een Designgroep. Bijbehorende uitvoeringen komen in dezelfde groep, ook als deze later zijn geïntroduceerd. Dit geldt eveneens voor studieprojecten die een directe relatie met het betreffende model hebben. Het jaartal geeft aan wanneer de eerste uitvoering uit de Designgroep op de markt is gebracht. Bij herintroductie met een belangrijk nieuw kenmerk krijgt de Designgroep soms een nieuw jaartal. Studies en promotie met directe relatie tot een verkocht model worden vermeld bij het betreffende product.

Gegevens (uitgebreide verklaring van de gebruikte codes in de toelichting op de catalogus):
scheersysteem RC = RotaClipper, aantal scheerhoofden, diameter scheerkap. Type scheerhoofd.
Energiebron, land van productie, extra bestemmingscode, merk.
Het introductie- of studiejaar is zo nauwkeurig mogelijk, maar soms ontbreken betrouwbare gegevens.
m = marktintroductie. p = productiestart. ~ introductie omstreeks dit jaar. ? onvoldoende zekerheid.
Studie projecten zonder verkoop zijn meestal herkenbaar aan het woord 'study'.

Hoofdgroepen in de volledige catalogus:

- Rotary Action apparaten die verkocht zijn in de periode 1939 - 2004, inclusief bijbehorende studies. Philishave, Norelco en nevenmerken. Inclusief Rotary Ladyshave van 1939 - 1965 lipstick clipper model.
- Scheerhoofden en andere accessoires.
- Projectstudies zonder rechtstreekse relatie met verkochte modellen. Algemeen, promotie, diversen.
- Ladycare producten 1960-1998: Clipper systeem, Satinelle, was-ontharing en andere systemen. Vanaf 1939 promotie van Philishave Rotary Action modellen voor gebruik als Ladyshave. 1950 start enkelkop Rotary Ladyshave. 1955-1962 aangepaste Philishave modellen als Ladyshave. Start Ladyshave oscillerend clipper systeem in 1960. Introductie Satinelle systeem in 1985.
- Haarknippers en baardtrimmers van 1965 - 2001, Philips en Norelco modellen. Vanaf ca.1958 ontwikkeling van trimmer hulpstukken voor Philishave Rotary Action modellen. 1965 start productie en marketing van een speciale haarknipper. In 1977 nieuw systeem haarknipper. 1987 intro baard- en snortrimmer. Van ca. 1982 - ca. 1995 geen activiteiten met specifieke haarknippers. 1996 nieuwe haarknipper modellen. Het merk Philishave wordt daarna ook voor deze categorie toegepast.
- Philips scheerblad systeem: compleet van 1959 tot begin 80er jaren, Philips en nevenmerken. 1959 ontwikkeling en proefserie van apparaat met dubbele folie en oscillerende messen. Geen verkoop. Van 1963 tot 1970 ontwikkeling en productie in Klagenfurt. Verkoop uitsluitend onder nevenmerken. Van 1970 tot ca. 1985 verkoop onder Philips merk, daarna weer uitsluitend onder nevenmerken.

HP 1206	8841 206 0100 = General version with 'E' heads, 12 Volt DC motor.	1970/09 =m
HP 1216	HP 1216 = HP 1206 with 90 super heads. Plastic push-button wallet in display carton [grey styropor bottom].	1970/12 =p

1970 pre-study TH design & rotafoil HP 1120

ACA 121 study	ACA 121 = design studies for successor of HP 1112.	1970~ spec
HP 1120 study	HP 1120 = Rotafoil test & XTR 708=FKS 21 & 7738 model 1950 & mini 1985.	1970 test

1970 shaving heads 90 Super 6 » HP 1906+1907

HP 1904 ST	HP 1904 ST = HP 1906 SUPER 90 replacement head.	1969 = pm
HP 1906 & ES-958+	alu disc & cardan coupling » no pack » showcard 1906 & 1904, polished microgroove	1970/09 =m
HP 1907	HP 1907 = HP 1906 replacement head with microgroove. Norelco typenumber for 2 heads on blister.	1970 = p

1971 study 4 heads & various

1971 promo-study Study 4-head shaving unit 1971 & TH design 1974 & test + competition **1971 vario**

1972 study electronics + shaving heads & MM

1972 promo-study Study electronics & 108 slots & tiltable heads. Promotion Norelco Mickey Mouse club. **1972 vario**

1972 adjustable 'metal top' HP 1304 & HP 1118

HP 1304 & G HP 1304 = Adjustable RC/AC model. All metal top. Off-black housing. Black brush, design with 3 smooth rec **1972/09 =m**
HP 1118 & G 8841 118 = HP 1118 = First adjustable AC model. All metal top. Off-black plastic housing, grey on/off switch **1972/09 =m**

1972 masculin 2-head with trimmer » HP 1117

HP 1117 & ES-777+ HP 1117 = Special 'masculine' doubleheader design with incorporated trimmer. Dark grey (= off-black) textur **1972 = pm**

1973 consumer tests & various

1973 promo-study Consumer tests: België Test-Achat January no. 131. Guerre à la Barb België Ufidec November. **1973 vario**

1973 'organic' 3-head HP 1119 ++ & Lady HP 2130

HP 1119 & F HP 1119 = very modern soft edge design. Initial version = Housing off-brown, on/off + trimmer knob yellow. **1973 = p**
HP 1125 & S HP 1125 = HP 1119 design without trimmer. Off brown gloss/satin. Off brown flex. No on/off switch. **1973 = p**
HP 1128 As HP 1125 black with additional on/off switch. For Canada and Japan only. Production start 1974. **1975 = m**
HP 1138 & F & S HP 1138 = facelift HP 1128. Black housing, glossy top (housing) satin cap (body) finish. Cognac flip-top and **1978 = p?**
HP 1142 & S 8841 142 1500 = HP 1138 for U.K. New typenumber HP 1142. Plastic cassette, cognac insert, red/blue roun **1979~ p**
HP 2130 white/pink » round white case, purple » lady HP 1128 » 90 & 87 slots 180 microns **1974 = m**

1973 organic doubleheader HP 1124 & HP 1134

HP 1124 & G & S off-brown & black » case & sealed wallet » & HP 1124 S » voltage or on/off. **1972 = p**
HP 1134 & F & S HP 1134 = Economy doubleheader, successor of HP 1124, same design. Black housing. Hard plastic casset **1975/11 =p**

1974 study shaver spray & mini shaver

1974 promo-study 1974 study incorporated pre-shave lotion shaver spray & mini shaver & consumer tests. **1974 vario**

1974 TH 2-head DC & RC & AC study & car 1984

HP 1207 & F HP 1207 = 8841 207 > first TH design in 2-head version. Introduction 1974 Japan with pouch in round carton **1974/05 =p**
HP 1212 HP 1212 = HP 1207 grey and black versions in Fancy box and in blister. **1984/04 =p**
HP 1217 HP 1217/01. Car shaver derived from TH design HP 1316. 6 V motor + 39 Ohm. Black - coiled flex » zipper **1983 = p**
HP 1305 black » pouch & stand, cognac box » slide pins, trimmer, 2/3C =8 hr. charge LED. **1976/11 =p**
HP 1306 & F black & black/white » pouch » slide pins, no trimmer, 2/3C =8 hr. charge LED **1975/12 =p**
HP 1315 black, black nameplate » cassette » slide pins, trimmer, 2/3C =8 hr. charge LED **1977/11 =p**
HP 1316 black, black name » sealed pouch » slide pins, no trimmer, 2/3C =8 hr. charge LED **1977/12 =p**
HP 1314 HP 1314 specified 1976/06 as doubleheader with trimmer. no data available yet **no data**
HP 1317 no data available yet **no data**
HP 1136 study HP 1136 = Doubleheader for mains operation. Design as HP 1207, based on components of model HP 1132 **1974 study**
HP 1137 study HP 1136 = Doubleheader for mains operation. Design as HP 1207, based on components of model HP 1132 **1974 study**

1975 consumer tests & various

1975 promo-study 1975 = Philips Drachten 25 years jubilee. **1975 vario**

1975 'TH 75' »HP 1308+1310 & 1121 - 1140

HP 1308 black » plastic case cognac insert » 2 subC-shave counter-light, adjustable **1975/09 =m**
HP 1310 all black, adjustable unit » case cognac » adjustable & economy UK, non adjustable **1976/02 =p**
HP 1121 HP 1121 New TH = Telephone Hook tripleheader design. Thermosetting urea formaldehyde housing, black. **1975/09 =m**
HP 1126 & S HP 1126 = TH [= Telephone Hook] tripleheader design. Thermosetting urea formaldehyde housing, black. M **1975/09 =m**
HP 1139 HP 1139 = special version HP 1126 for U.K. Production Hamilton for UK. **1976/10 =p**
HP 1140 HP 1140 = HP 1121 as special version for U.K. Housing and shaver unit are black. **1977/04 =p**
HP 1127 study HP 1127 = In 1972/05 specified as HP 1126 without trimmer and planned as economy successor of HP 112 **1973~model**

1975 shaving heads 90 Super 12 » HP 1812+13+14

HP 1912 Diameter 19.5 mm. 90 slots - 12 blades with higher pressure (38 > 54 grams) and lower speed. Open cardin **1975 = pm**
HP 1913 HP 1913 = 8841 913 5200 as HP 1912/52 Canada (no microgroove), 3x blister. Black + green card. English **1980 = p**
HP 1914 HP 1914 = 8841 914 5400 = Shaving unit complete for Norelco Black Pro shaver HP 1141. Sold in 1980. **1975+**
